

FLOYD CENTRAL FOOTBALL BOOSTERS  
MINUTES  
01/09/2018

Attendees: Laura Mooser, Stacy Cristiani, Mark McKay, Susan McKay, and Coach Brian Glesing

Treasurer's Report: Given by Laura Mooser. See separate financial report. Laura is researching an encumbered amount of \$627 with Kim Stevens.

Coaches Report: Beginning January 22<sup>nd</sup> there will be football workouts after school on Monday, Tuesday and Thursday 2:40 pm until 4:45pm each day. There are a few exceptions noted on flyer on the website and what was sent out via Remind text message system. Coach Hess will run those workouts along with Coach Bragg. Senior Pride Workouts will begin later this spring. There was a question as to when middle school workouts would begin and who would run those. Football is responsible for staffing the basketball concession stand for the January 26<sup>th</sup> game. They will need 10 people splitting two shifts. Beth Johnson has it fully staffed at this point. Two website bills will be coming through \$120 for Godaddy email account system and \$20 for our domain for the main FC Football website – both invoice amounts were approved. Coaches wish list was discussed and will be prioritized based on need. However, both middle school and youth league coaches are anticipated to attend the February meeting so that all lists can be aggregated and dispersed through the summer packet that will be mailed in June/July.

New Business: Banquet in December went very well. 2018 Banquet date is secured for December 3<sup>rd</sup> at Joe Huber's. The Board along with help of an attorney will be updating and revising the bylaws of the booster club which were made when first established. New Officer training will be held January 24<sup>th</sup>. An account at GFS was set up to help

during Thursday Night Meals next fall so parents who help are not required to use personal money. Policy and procedures on how exactly approval and invoicing will work are still being discussed.

Next meeting will be held Tuesday, February 6<sup>th</sup> in Room F-107 across from the auditorium
